Woods Charitable Fund, Inc.

A Report for the Year 1995
For the first time, Woods Charitable Fund, Inc. is featuring the work of a local artist on its cover. Believing there are many ways to support the arts, we hope that using the Fund’s annual report cover to draw attention to visual arts and highlight the work of a community artist is an effective way.

About the Artist

Painter, printmaker, sculptor — all describe John Robert Weaver of Martell, Nebraska. At 60, living and working on a farm near Lincoln, Weaver continues a career that started with boyhood dreams of being a cartoonist. At age 25 he began studies at the Kansas City Art Institute and completed his master of fine arts degree at the University of Nebraska in 1968.

Weaver’s work is exhibited in many museums including the Sheldon Memorial Gallery and Sculpture Garden at the University of Nebraska in Lincoln and the St. Louis Art Museum, St. Louis, Missouri. It also appears in corporate offices, state and university buildings and private collections nationwide.

Although probably best known for his larger-than-life paintings of people, Weaver notes that he “draws a lot” and that he likes to work in more than one medium. In an interview with George W. Neubert, Director of the Sheldon Memorial Art Gallery and Sculpture Garden, Weaver noted that “drawing people can be very difficult. People are the hardest subjects to paint and the hardest to draw.”

Weaver’s drawing of a young girl featured on the cover of the Woods Charitable Fund 1995 Annual Report, demonstrates his gift for revealing his feelings toward those he draws or paints. It invites us to share that emotion.
About the Foundation

Woods Charitable Fund is a private philanthropic foundation created by Frank H. Woods, his wife Nelle Cochrane Woods and their three sons. It was incorporated in Nebraska in 1941 and Frank Woods provided major endowment in 1952 before his death that year. In 1955 the Fund received one-third of the net residuary estate of Nelle C. Woods. Over the years the family-owned Sahara Enterprises has contributed to foundation assets.

For over fifty years the Fund made grants in Lincoln, Nebraska and Chicago, Illinois. Until the early 1980s, it operated as a family foundation under the leadership of trustees Frank H. Woods, Jr. and Thomas C. Woods, Jr. Frank Woods from Chicago and Tom Woods from Lincoln had many business and personal ties in both cities. Their deaths in 1980 and 1989 respectively, brought changes which included expanding the board beyond family members to acknowledge both the benefits of new viewpoints and the fewer family members in the two cities available for board membership; bringing on staff; and introducing more targeted grant programs.

At the end of 1993, Woods Charitable Fund underwent a major restructuring that institutionalized in two separate foundations the different grant programs of the Fund in Chicago and Lincoln. Woods Charitable Fund now operates in Lincoln only and a second foundation, Woods Fund of Chicago, was created by transferring some of the original foundation's assets to the new foundation. Both foundations currently operate with locally representative boards and are able to respond to the issues, opportunities and creative leadership in their respective communities.

The Fund’s reports and Treasury Form 990-PF are on file at the Foundation Center in New York City and Washington, D.C. as well as in the office of the Secretary of State in Lincoln, Nebraska.

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed it's the only thing that ever does."
— Margaret Mead

Those of us whose work is to make grants are blessed because we get to see the beginnings of change almost every day. We are well aware that Margaret Mead spoke the truth — thoughtful, committed citizens are the world changers. And this year, Woods Charitable Fund has been fortunate to observe many of them at work in our midst, and to support their efforts.

Programs and People Addressing Youth and Family Violence

In 1995, Directors reiterated the Fund's specific interest in supporting programs that address issues of youth and family violence by paying grants totaling $102,500, 20% of the grants paid, and approving grants totaling $139,000 to support several approaches striving for change. We observed the work of City of Lincoln Parks and Recreation Department employees who trained and worked closely with 314 low income youth during the summer months in an employment program that involved teens in meaningful, paid summer jobs.YWCA and Planned Parenthood employees and volunteers helped prevent 80+ teenagers from becoming pregnant or causing pregnancy by involving them in a comprehensive program that includes training, support network building and volunteerism. Staff and volunteers at Lincoln's family resource centers offered a variety of programs, based on neighborhood need and interest, to help parents in their role. Members of the Family Violence Task Force continued its work in 1995, finalizing and presenting recommendations to improve the community's response to family violence.

Advocates Empower Constituencies

Four of the grants awarded in 1995 supported advocacy projects and organizations. We've watched Voices for Children in Nebraska staff expand advocacy activities on behalf of children and families in Nebraska with Woods support. F.A.L.R. (Families Achieving Independence and Respect) staff and volunteers continued to help prepare welfare recipients educate policy makers on problems families face in dealing with the public support system, especially now that welfare reform legislation is in place. Volunteers for the Nebraska Community Reinvestment Coalition worked with Nebraska lenders to help them support their communities by increasing their investment in low and moderate income areas of the state. And, in January, 1996, using a Woods grant awarded in 1995, ARC of Nebraska began training advocates in Lincoln and Lancaster County working on behalf of people with developmental disabilities through the Partners in Policymaking program.

Community Collaborations are Successful

In 1995, the Lincoln/Lancaster County Grantmakers' Association decided to pursue the development of a common grant application form. After months of review and revision, the new application form, which will be used by at least six local grantmakers including Woods Charitable Fund, was completed. Participating grantmakers will begin to use the form in 1996. Copies can be obtained from this office.

By year-end 1995, the Lincoln/Lancaster County Community Human Services Planning Council, in partnership with the Human Services Federation, a coalition of public and private agencies that work with citizens in need in Lincoln/Lancaster County, first offered a pooled group medical and dental benefits plan for members.

Before the pooled group insurance plan became available, small foundations and human service providers often found it difficult to secure reasonably priced medical and dental group benefit coverage for employees. Under the plan, the more than 80 members of the Federation representing hundreds of employees, will be able to access group benefits at a reasonable cost. Because of its size, the newly formed pooled group will be able to negotiate its rates and organizers expect that annual rate increases will decline for most groups. So far over 225 organizations representing more than 225 employees have enrolled in the program.

Loss of a World Changer

We lost a significant world changer in our community this year. Sheila Griffin, the first Lincoln member of the Woods Charitable Fund Board of Directors who was not a Woods family member, died in May. Sheila, who may have been best known for her involvement in the arts and cultural life of Lincoln, was also a local government and business consultant who cared deeply about human and women's issues. At different times Sheila held the positions of Associate Director for Audience and Program Development at the Lied Center, Assistant to the Chancellor of the University of Nebraska for the Arts, Principal with Hoskins-Griffin Associates, Chairwoman of the Omaha branch of the Federal Reserve Bank of Kansas City, Commissioner of the Coordinating Commission for Post-secondary Education and international trade advisor to Governor
Ben Nelson. She coordinated the successful $15 million campaign to build and endow the Lied Center for Performing Arts and she served as its first director. Sheila worked with many community boards including the Lincoln Symphony, Doane College and the Nebraska Public Radio Foundation. She and her husband, Bill, had four children and three grandchildren. They enjoyed touring Europe by bicycle and entertaining friends in their home.

Sheila was a gold thread in the tapestry of the Fund's history. Her agile mind and energy moved this organization forward in wonderful and exciting ways. It would be difficult to express our gratitude and respect for her expertise and generous contribution of time and ideas. Our affection for her and sense of loss, now that she is no longer with us, go without saying.

We are grateful for the world changers today and for those of the past. We marvel at their work and do our best, as a foundation, to acknowledge and support it. We anticipate a wiser, richer future because of their efforts.

Grant Program

PURPOSE

Through grants made to eligible organizations, Woods Charitable Fund seeks to strengthen the community by improving opportunities and life outcomes for all people in Lincoln, Nebraska. Woods supports members of the nonprofit sector who are exploring creative alternatives and promoting more just, effective approaches to meet community needs.

The Fund supports a broad range of activities which include but are not limited to the Special Interests described below. We are interested in reviewing plans for pilot projects and innovative programs as well as sustained growth for organizations whose work coincides with the purposes of the foundation. The foundation funds both direct services and policy programs.

The Fund looks forward to opportunities to review proposals joining partners (academic, community, government, business, public service, religious) to explore ways to integrate perspectives and talents toward common goals. We support projects that involve coalition building, public education and advocacy to effect positive social change and improve opportunities for all citizens.

SPECIAL INTERESTS

Children, Youth and Families

A significant cornerstone in community life is the family. Its power to mold and develop mentally healthy, secure, loving members determines Woods’ interest in supporting projects to strengthen families and provide opportunities for youth to achieve their full potential. This is a broad category and may include either direct service or policy programs focused on child care, single parenthood, the elderly, family planning, shelter, troubled families as well as others. The areas of youth and family violence have been identified as primary community concerns and the Fund will give special consideration to programs that address those issues.

Education

Our educational systems face the challenge of preparing individuals for a rapidly changing society. Today, more than ever before, education touches the lives of people of all ages - students at all levels, newcomers learning a second language and culture, adults retraining to handle new job responsibilities. The Fund looks forward to opportunities to review proposals from existing educational institutions and from creative new programs to meet the challenge.

Community Development and Housing

To sustain or increase its vitality, a community must consistently nurture its development, particularly as that development impacts lower income citizens. The Fund supports projects that empower less advantaged Lincoln residents to participate in the economic system and that foster community participation and responsibility thus joining people to solve problems and improve opportunities for all. Woods recognizes the growing need in Lincoln for affordable housing and supports programs that expand its availability. Advocacy groups, neighborhood, citizen and community organizations are avenues to promote citizen involvement and strengthen neighborhoods.

The need for individuals to achieve self-sufficiency, including assistance to enable people to earn an adequate income, has also been identified as a primary community concern. The Fund encourages submission of proposals that suggest creative approaches to address this concern.

Arts and Humanities

Visual art, literature, dance, theater and music are cornerstones of a community’s aesthetic and ethical being. They can bind people through shared experience and understanding. They stimulate thought, communication and creativity. Woods supports programs in the arts and humanities that will enhance or develop the common aesthetic spirit through education, creation or performance.

Please read “To Apply for a Grant” before contacting the Fund.

Woods Charitable Fund, Inc. was incorporated in the State of Nebraska on November 7, 1941, as a charitable corporation not for pecuniary gain. On September 15, 1961, the Articles of Incorporation were amended to qualify the Fund under the Nebraska Nonprofit Corporation Act of 1959.

Historically, Woods Charitable Fund, Inc. has operated in Chicago, Illinois and Lincoln, Nebraska, cities of differing sizes and needs. In the recent past, each city developed its own funding priorities and areas of concentration.

To enhance the efficiency and responsiveness of the charitable programs in each city, a Plan of Reorganization was entered into on October 15, 1993, whereby the administration of the grant-making programs was divided into two separate organizations, each with its own governing board and its own endowment. Woods Charitable Fund, Inc. continues as the Lincoln, Nebraska organization while a new corporation, Woods Fund of Chicago, is operating in Chicago, Illinois. In accordance with the Plan of Reorganization, assets valued as of December 31, 1993, of $24,774,000 (estimated fair value of $37 million) were transferred to endow Woods Fund of Chicago during 1994. Actual transfers began on January 1, 1994.

The final settlement of amounts due pursuant to the Plan of Reorganization was made during 1995 when assets valued at approximately $743,000 (estimated fair value of $729,000) were transferred to Woods Fund of Chicago.
