Woods Charitable Fund is a private philanthropic foundation created by Frank H. Woods and Nelle Cochrane Woods and their three sons. It was incorporated in Nebraska in 1941 and Frank Woods provided major endowment in 1952 before his death that year. In 1955 the Fund received one-third of the net residuary estate of Nelle C. Woods. Through the years, the family-owned Sahara Enterprises has contributed to foundation assets.

For over fifty years the Fund made grants in Lincoln, Nebraska and Chicago, Illinois. Until the early 1980’s, it operated as a family foundation under the leadership of trustees Frank H. Woods, Jr. and Thomas C. Woods, Jr. Frank Woods from Chicago and Tom Woods from Lincoln had many business and personal ties in both cities. Their deaths in 1980 and 1989 respectively, brought changes which included: expanding the board beyond family members to acknowledge both the benefits of new viewpoints and the fewer family members in the two cities available for board membership; bringing on staff; and introducing more targeted grant programs.

At the end of 1993, Woods Charitable Fund underwent a major restructuring that institutionalized in two separate foundations the different grant programs of the Fund in Chicago and Lincoln. Woods Charitable Fund now operates in Lincoln only and a second foundation, Woods Fund of Chicago, was created by transferring part of the original foundation’s assets to the new foundation. Both foundations currently operate with local representative boards and are able to respond to the issues, opportunities and creative leadership in their respective communities.

The Fund’s reports and Treasury Form 990-PF are on file at the Foundation Center in New York City and Washington, D.C. as well as in the office of the Secretary of State in Lincoln, Nebraska.

Like beautiful, productive gardens filled with the colors and fragrance of flowers and ripe fruit, true collaborations are the result of painstaking effort and dedication. Dissimilar partners come together again and again to find common ground and move forward side by side. They locate their overlapping self-interests and, from those overlapping places, the collaboration gains focus and energy.

A special collaborative partnership came to life in Lincoln this year and the artwork, entitled “Hopeful Visions,” featured on the cover of the 1999 Woods Charitable Fund, Inc. annual report is one of its products. The project grew from a small Woods grant to which was added a large measure of in-kind support from the staff, volunteers and clients of Indian Center, Inc., DayWatch, Inc. and the University of Nebraska Department of Textiles, Clothing and Design. It began an exploration that found Indian Center youth sitting down over homemade Indian tacos to talk about visions of the future with homeless people. The young people and their adult guides learned about the people who spend time at DayWatch, Inc., a day shelter for homeless people, and were inspired to turn their stories and hopes into an installation that beautifies and insulates the DayWatch main room. With guidance and skill building instruction from University of Nebraska Department of Textiles, Clothing and Design staff and students, the artwork was realized.

But the installation is only one outgrowth of the synergy created when Indian Center, Inc., DayWatch, Inc. and the University of Nebraska Department of Textiles, Clothing and Design worked together. As those who established and lived the collaboration tell us:

“It is through partnerships such as the ‘Hopeful Visions Project’ that our program has access to resources that we wouldn’t have otherwise. Our young people have been able to explore art through this experience and it has enriched their lives. It has built teamwork, self-esteem and communication skills for the youth who participated. ‘Hopeful Visions’ had many views, many realities and many voices and when they were all combined, it made a powerful statement.”

—Mary Lee Johns,
Director of the Indian Center’s Youth Department

“To collaborate is to be willing to share information and ideas and to be willing to listen and be open to others. During the ‘Hopeful Visions Project’ each group received unique benefits and, in the end, everyone received the same one—a new understanding of others we might not have gained without this collaboration. The youth learned new artistic skills and had an experience with homeless people that will forever allow
them to separate stereotypes from reality. DayWatch visitors who took part in the project received the gift of understanding from others. Their sense that people are uncaring to the plight of the homeless has been lessened.”

—Bill Roby, Executive Director of DayWatch, Inc.

The “Hopeful Visions Project” produced quiet, yet powerful changes in our community. This year brought other changes and development in the form of grants paid and projects undertaken in 48 other organizations or collaborations receiving Woods Charitable Fund grants. We encourage you to read more about them.

The Fund itself had growth spurts and new initiatives began to take root. In 1999, Woods Charitable Fund:
- Paid grants of more than $1 million for the first time since the Fund’s reorganization in 1994;
- Increased the dollar amount of grants awarded by almost 61%;
- Paid special initiative grants to the Lincoln Arts Council and the Human Services Federation totaling $300,000 to build the organizational capacity of arts and human services organizations using technology.

We welcomed Tom Woods to our staff this year as Program Associate. He joined us after completing an advanced degree in Public Administration and working for the Community Foundation Serving Coastal South Carolina.

Woods Charitable Fund looks forward to another year and a new millennium of collaboration and partnership. May all our gardens flourish as we share similarities and dissimilarities and find ways that our work may overlap to strengthen our community.

PURPOSE

Through grants made to eligible organizations, Woods Charitable Fund seeks to strengthen the community by improving opportunities and life outcomes for all people in Lincoln, Nebraska. Woods supports members of the nonprofit sector who are exploring creative alternatives and promoting more just, effective approaches to meet community needs.

The Fund supports a broad range of activities which include but are not limited to the Special Interests described below. We are interested in reviewing plans for pilot projects and innovative programs as well as sustained growth for organizations whose work coincides with the purposes of the foundation. The foundation funds both direct services and policy programs.

The Fund looks forward to opportunities to review proposals joining partners (academic, community, government, business, public service, religious) to explore ways to integrate perspectives and talents toward common goals. We support projects that involve coalition building, public education and advocacy to effect positive social change and improve opportunities for all citizens.

SPECIAL INTERESTS

Children, Youth and Families

A significant cornerstone in community life is the family. Its power to mold and develop mentally healthy, secure, loving members determines Woods’ interest in supporting projects to strengthen families and provide opportunities for youth to achieve their full potential. This is a broad category and may include either direct service or policy programs focused on child care, single parenthood, the elderly, family planning, shelter, troubled families as well as others. The areas of youth and family violence have been identified as primary community concerns and the Fund will give special consideration to programs that address those issues.
Education

Our educational systems face the challenge of preparing individuals for a rapidly changing society. Today, more than ever before, education touches the lives of people of all ages - students at all levels, newcomers learning a second language and culture, adults retraining to handle new job responsibilities. The Fund looks forward to opportunities to review proposals from existing educational institutions and from creative new programs to meet the challenge.

Community Development and Housing

To sustain or increase its vitality, a community must consistently nurture its development, particularly as that development impacts lower income citizens. The Fund supports projects that empower less advantaged Lincoln residents to participate in the economic system and that foster community participation and responsibility thus joining people to solve problems and improve opportunities for all. Woods recognizes the growing need in Lincoln for affordable housing and supports programs that expand its availability. Advocacy groups, neighborhood, citizen and community organizations are avenues to promote citizen involvement and strengthen neighborhoods. The need for individuals to achieve self-sufficiency, including assistance to enable people to earn an adequate income, has also been identified as a primary community concern. The Fund encourages submission of proposals that suggest creative approaches to address this concern.

Arts and Humanities

Visual art, literature, dance, theater and music are cornerstones of a community’s aesthetic and ethical being. They can bind people through shared experience and understanding. They stimulate thought, communication and creativity. Woods supports programs in the arts and humanities that will enhance or develop the common aesthetic spirit through education, creation or performance. Programs that connect the arts and humanities with nontraditional participants are of special interest to the Fund.

Please read “To Apply for a Grant” before contacting the Fund.
FUNDING LIMITATIONS AND RESTRICTIONS

While grants are made primarily in Lincoln, Nebraska, the Fund will consider grant applications from other locations in the context of their impact on Lincoln. While the Fund makes grants in diverse fields, the following areas are not eligible for grant review:

- Capital projects in health care institutions
- Environmental programs
- Funding for endowments
- Fundraising benefits or program advertising
- Individual needs
- Medical and scientific research
- Programs for individual schools
- Recreation programs
- Religious programs
- Residential care and medical clinics
- Scholarships, fellowships

College and university proposals are reviewed only if they directly involve faculty and/or students in applied projects of benefit and concern to the community.

Applicants generally should be organizations described in Section 501(c)(3) of the Internal Revenue Code and have a written ruling from the IRS that they also qualify under Section 509(a)(1), (2) or (3) of the Code (publicly supported organizations and their affiliates). Occasionally the Fund considers proposals from 501(c)(3) organizations that are private, operating foundations. In exceptional cases, the Fund will consider fiscal agent and expenditure responsibility grants. Woods does not accept applications from organizations that have had proposals approved or declined in the preceding 12 months. This policy does not apply when organizations are involved in collaborative proposals.

WHAT YOU SHOULD KNOW BEFORE APPLYING

- Contact the Fund by telephone or by mail, facsimile or e-mail with a letter of intent, including budget information. Then Woods can help you decide whether it is worth your time and expense to proceed with a full proposal.

- Many excellent proposals cannot be funded because there are absolute limits to the number of proposals the Fund can study thoroughly and support.

- If your organization receives a grant, you will be asked to sign a grant agreement form requiring written reports (usually at six-month intervals) on use of the grant in relation to the original proposal objectives and program results. A selected number of grantees may be asked to participate in a post-grant evaluation to study program accomplishments in more depth.

TO APPLY FOR A GRANT

FIRST, please read the Fund's guidelines, procedures and timetable.
SECOND, contact the Fund by telephone or by sending a 2-page letter of intent, including a budget, by mail, facsimile or e-mail to determine if it is worth your time and expense to proceed with a full proposal.

THIRD, if the Fund requests a full proposal, please complete a Lincoln/Lancaster County Grantmakers Common Application Form, available from the Woods Charitable Fund office, or as a Rich Text Format document at www.woodscharitable.org. Together with the requested attachments, submit a single paper copy according to the timeline at the right.

Proposals not clearly within the Fund's priority areas but not clearly ineligible are screened for funding consideration by the Fund's board members. The staff at Woods Charitable Fund, Inc. is pleased to consult with applicants at any time during the process to help strengthen their proposals.

NOTES TO CASH BASIS FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 1999 AND 1998

A. SUMMARY OF SIGNIFICANT
ACCOUNTING POLICIES
The financial statements of Woods Charitable Fund,
Inc. (the Fund) are prepared on the basis of cash
transactions. Accordingly, income is recognized when
received and expenses and grants are recognized
when paid. Under generally accepted accounting
principles, income would be recognized when earned
and all expenses would be recognized when incurred.
Investments are carried at cost. The Fund uses the
specific identification method for determining cost of
securities sold.

B. HISTORICAL INFORMATION
Woods Charitable Fund, Inc. was incorporated in the
State of Nebraska on November 7, 1941, as a charitable
corporation not for pecuniary gain. On September 15,
1961, the Articles of Incorporation were amended to
qualify the Fund under the Nebraska Nonprofit
Corporation Act of 1959.

Historically, Woods Charitable Fund, Inc. has operated in
Chicago, Illinois and Lincoln, Nebraska, cities of
differing sizes and needs. To enhance the efficiency and
responsiveness of the charitable programs in each city, a
Plan of Reorganization was entered into on October 15,
1993, whereby the administration of the grant-making
programs was divided into two separate organizations,
each with its own governing board and its own
endowment. Woods Charitable Fund, Inc. continues as
the Lincoln, Nebraska organization while a new
corporation, Woods Fund of Chicago, is operating in
Chicago, Illinois.

C. ESTIMATED FAIR VALUE OF THE FUND'S ASSETS
Estimated fair values at December 31, 1999 and 1998
were determined from closing prices of national securities
exchanges or latest bid quotation.
The estimated total fair value of the Fund's assets,
including cash, (excluding program related investments)
at December 31, 1999 and 1998 is $33,943,659 and
$31,328,019, respectively.

At December 31, 1999 the Fund held shares of an equity
security with a cost of $100,000 for which fair value was
not ascertainable. Due to the proximity of the purchase
date to year end, management estimates that cost
approximates fair value.

D. FEDERAL EXCISE TAX
The Internal Revenue Service has classified the Fund as a
private foundation as defined in Section 509(a) of the
Internal Revenue Code. The estimated 1999 federal
excise tax liability is $27,700, against which estimated
excise tax payments of $26,200 have been made.

E. COMMITMENTS
The Fund is committed to pay grants aggregating
$1,133,000 at December 31, 1999. In addition, the
Fund has supplied a stand-by letter of credit of $28,500.
Certain of these commitments are contingent upon the
fulfillment of specified conditions.
Woods Charitable Fund, Inc. began featuring the work of local artists on its annual report cover in 1995. Believing there are many ways to support the arts, we use the Fund’s cover to draw attention to visual arts and highlight the work of community artists.

In 1999, Woods Charitable Fund supported a collaboration between the University of Nebraska’s Robert Hillestad Textiles Gallery, Indian Center, Inc. and DayWatch, Inc. Eight of the youth participants of the Indian Center’s “Creating a Personal Vision” project spent time at DayWatch, a year-round day shelter to the homeless, near-homeless and others. They shared food and interviewed visitors there and uncovered words and symbols that had meaning to the people at DayWatch. The young people then silk-screened the images onto canvas pillows with the help of artists at the Hillestad Textiles Gallery, creating “Hopeful Visions.” This piece is a combination of form and function. While it conveys a message of optimism and faith, it also provides color and insulation to a drab concrete wall in the DayWatch lounge.

The artists of “Hopeful Visions” are:

- Sara Anderson
- Kiara R. Grant
- Regina Grant
- Harlan Lame
- Gabriel Long
- Soldier Jade Mesa
- Billy Thomas
- Sherita Two Strike

Independent artist Danny Curtis worked closely with the students, providing assistance throughout the project. “Hopeful Visions” is displayed and can be viewed at DayWatch, Inc., 1911 R Street in Lincoln.
